

A2 Stool

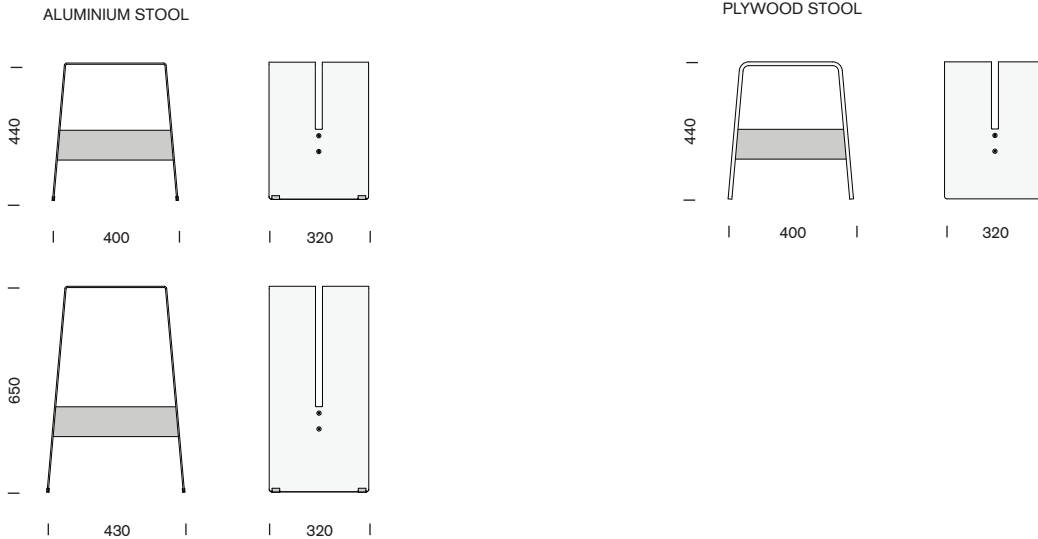

MADE HERE.

IMO

Introduction

The A2 stool is one of those indispensable items – not just a stool, it's a step ladder, a bedside table, a footstool, a perch for the laptop or an extra seat for that last minute dinner party. Durable and cost effective, this playful stool is constructed from powder coated aluminium or ply with cross rails in aluminium or timber. For use both indoors and out. Stools can be stacked up to eight high.

Dimensions

Materials

Seat: Powder Coated Aluminium*
Cross Rails: Powder Coated Aluminium* / Solid Timber

Seat: Maple Plywood
Cross Rails: Powder Coated Aluminium Only

* Suitable for outdoor use.

Finishes

Seat:
