

COVID-19 Notice

Unite
against
COVID-19

As of 23 March 2020 our Team have completed preparations for the upcoming move to the COVID-19 alert level 4. Our Office remains open, but we are operating remotely. This is not new for IMO and has been a straightforward transition.

Our Showroom is closed - however we are available for consultations by phone, video call and email. Please contact one of the Sales team below.

We outsource 100% of the manufacture of our component parts to New Zealand Suppliers. Up until now our Supply chain has been unaffected. As our Suppliers are now closed due to COVID-19, our Warehouse operation has shut, and all deliveries and installations are suspended until further notice.

For all Clients who have existing Orders with us our team will be in touch regarding next steps in the coming days. We ask for your patience as we work through these exceptional circumstances.

As soon as the alert level is lowered to Level 3, both IMO and our Suppliers are prepared for a safe and immediate return to Production.

You can continue to contact us through the same channels. To talk to us please call the Office on +64 9 373 4081 or contact us directly as below. Please note some of our Team will not be working remotely – you can contact Hannah with any queries if you're not sure who to talk to.

Sales - Enquiries & Director Sam Haughton 021 654 786 sam@imo.co.nz	Business Manager Hannah Brodie 0274 988 918 hannah@imo.co.nz
